

## TRAINING AND ASSESSMENT SERVICES

*" I have been delighted with the approach that Bridgeway Consulting have taken in partnering with Invensys Rail to develop a Managed Service for Track Safety Training & Competence Assessment.*

*The Bridgeway team have been receptive to our requirements, very flexible and keen to over deliver against our expectations. The initial brief was quickly understood and not restricted by the more traditional scope of requirements type of process this allowed imagination, innovation and expertise to be applied to the solution in equal measure. We look forward to growing the relationship and delivering many more successful projects"*

# TRAINING AND ASSESSMENT SERVICES

*Training and Assessment Services that make a difference...*

Bridgeway Consulting is the one of the leading rail training and assessment providers in the UK today. We are licensed by Network Rail as a supplier of training and assessment services into the rail industry.

## What we can do

Our rail expertise allows us to provide a dynamic and innovative style of training that equips individuals to carry out duties efficiently, professionally and more importantly safely.

We have capabilities to deliver the following rail training and assessments in:

- Sentinel Track Safety
- Small Plant & Equipment
- Permanent Way Training
- Authorised and Nominated Persons
- Machine & Crane Controller
- Railway Operations
- First Aid at Work and Emergency First Aid
- IOSH Working and Managing Safely
- Basic introduction to Analysis, Design and Assessment of Permanent Way and Bridges
- Basic and Advanced Track Maintenance
- Effective Construction and Maintenance of Infrastructure within a Railway Environment
- Key Railway Principles
- City and Guilds Accredited NVQs

## Online Competence & Training Administration System

With our approach to problem solving both innovative and creative, We have developed a pioneering system called O.C.T.A.S.

O.C.T.A.S. is a unique online training booking system that has been designed to save you both time and money, so that you can book rail training events quickly.

Key features of the system include:

- Easily accessible and simple to use
- Instant visibility of training events and availability
- Instant joining instructions
- No phone calls required
- No booking forms

We can offer you one of three different packages:

1. A managed service - Competence & Training Management
2. An online booking service - Book courses online yourself
3. A tailored service to meet your business requirements

Online demonstrations of O.C.T.A.S. are available at request.

## Our Rail Training Facilities Include:

- Glasgow
- Manchester
- York
- Birmingham
- Nottingham
- London
- West Horndon
- Croydon
- Swanley
- Bristol
- Chippenham
