

## Our Lifesaving Rules

Never undertake any job unless you have been trained and assessed as competent.

### Log Books & Work Experience Sheets

When attending any Bridgeway training/assessment event you must present your completed log book or work experience sheet (SSOWP) to the trainer/assessor at the start of the event. Failure to present your log book or work experience sheet will result in you being refused onto the training course or your assessment will not be conducted.

Your log book should have the following entries:-

- Recertification (PTS/Lookout) – minimum of 4 completed and signed log book entries
- Recertification (IWA/COSS/ES/(S)PICOP/SSOWP) – minimum of 8 completed and signed log book entries (4 prior to the 9<sup>th</sup> – 15<sup>th</sup> month assessment and 4 after)
- 9 – 15<sup>th</sup> month assessment – minimum of 4 completed and signed log book entries
- Post mentoring assessment (to remove the (P) from the competence) – minimum of 4 completed and signed log book entries

## iRules

The internet now plays a vital role in our day to day lives, whether for banking, shopping, music, leisure or any other manner of day-to-day activities.

Advancing technology has lead to more than half of the UK population using mobile phones and nearly half using tablets. With these figures in mind it's not surprising that mobiles and tablets are coming into use throughout Rail in the UK.

Rule book manuals are now readily available via devices; these manuals are customised for specific competencies, meaning you can access the most suitable one for your need.

The following manuals are available to download now:

- Master Module (all modules, the whole Rule Book)
- Signaller and Signalling Technician
- Track Worker

In order to download the manuals please visit the site below and search 8000.

<http://www.rsb.co.uk/railway-group-standards>

Having content in a single document means you can now navigate offline via the menus available; this proves to be a lot easier than requiring internet access. The manual also has a search tool, this allows you to search for specific key words or phrases.

This application is available for download on a smartphone, tablet or PC. Also working on both IOS, Android and Windows platforms.

## Learning Difficulties/Additional Learning Support

The Learning and Development department at Bridgeway Consulting Ltd have expertise and facilities to undertake screening for hidden disabilities including Dyslexia and Dyspraxia. Therefore where a delegate presents themselves for training and discloses a hidden disability adjustments can be made to ensure they are not disadvantaged by the condition. Additionally where the learning and development team suspect a delegate may have a hidden disability we have a specialist who has been trained and certified to administer the Dyslexia Action hidden disability questionnaire, and advise or signpost delegates accordingly.
